

VILLA

Art. No 1067

Villa combines practical use with eco-friendly innovation, making it an excellent choice for those seeking a sustainable and efficient toilet solution. Designed for both cottage and permanent homes, Villa offers a comfortable and hygienic experience. It features a quiet and energy-efficient 12V fan, ensuring an odor-free and fresh environment.

Designed for both alternating and continuous use, Villa Extend offers a comfortable and hygienic solution. The external waste container is placed under the floor for increased capacity. The container must be accessible from the outside for smooth emptying.

Capacity: Unlimited with continuous emptying

- ✓ Made in Värnamo, Sweden
- ✓ Low energy consumption
- ✓ Robust design
- ✓ Easy to use
- ✓ High capacity

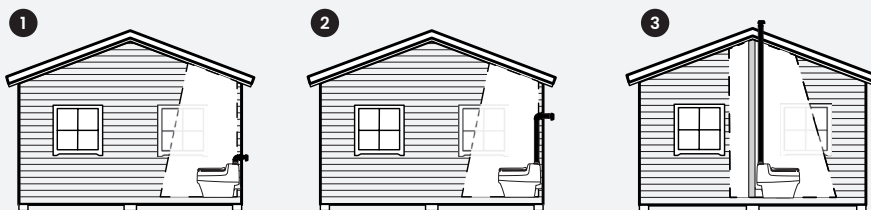

Installation

Use the included installation sketch to easily install and mount your toilet. Follow the installation instructions carefully.

Note that as short an installation as possible is recommended to guarantee full function throughout the year.

The ventilation can go through the wall, floor, or ceiling, for example, up to an attic and out through a suitable side of the house.

Options for ventilation. The Villa models are installed with up to six meters of ventilation pipes and three 90-degree bends. Ventilation kit is not included.

Technical data

Connection:	Urine outlet: Ø32 mm Ventilation pipe: Ø75 mm
Material:	Recyclable high-gloss polypropylene
Inner container:	23 L Full container approx. 8-10 KG
Total effect:	12 V/2.5 W/210 mA, 230 V/16.5/11 W
Energy consumption:	0.06 kWh/dygn
Power connection:	Battery cable 1.9 m alt. power adapter 12/230V
Noise level in use:	<30 dB(A)
Seat height:	42 cm
Max user weight:	150 KG
Product measurements:	L 672 mm, W 456 mm, H 541 mm
